

It is 02:00 in the morning, your database crashed. You have a P1 logged with Oracle and cannot understand what they ask you to do. This is something that happens all too often. APPSolve's Oracle Emergency Support Centre has a team of experienced DBA's and Developers that can help.

APPSolve has helped in several disaster scenarios and has a great success rate.

What the Emergency Support Centre offers:

- **Expert advice any time of the day, anywhere in the world**
- **Assessment of the problem to ensure that the problem is approached from the correct point of view. This increase resolution time**
- **Interface with Oracle Support**
- **Assist with patches, workarounds or data recovery.**

All we need is VPN access to your system and we are ready to help. All you need to do is call or text +27829016688 for immediate response.
